SUBSTITUTES AND RESERVES

Bowls South Africa decided that Circular 08/2005 will still apply and that the use of reserves and/or substitutes in all formats of the game (except singles) will be allowed. Bowls South Africa furthermore accepted the following interpretations when reference is made to bona fide members, reserves and substitutes.

1.

Bona fide members

Bona fide members shall include:-

- Life members and honorary life members with full privileges;
- All members liable to pay subscriptions;
- Junior members whether they pay any form of subscription or not.

2.

Reserve

Means a player who is a bona fide member of the same club in a tournament of clubs, or the same district in a tournament of districts, and who is registered together with the team, or side, prior to the commencement of the tournament.

3. Substitute

Means a player whose name has been drawn in the approved manner, to replace a player who fails to appear at the start or restart of a game; or who is compelled to withdraw for any valid reason acceptable to both skips; or failing agreement by them, by the Controlling Body during the course of a game. The substitute introduced may in all likelihood not be from the same club, as the club requesting a substitute. The “approved manner” is described in the section that deals with the use of substitutes in tournaments below.

4. Use of reserves and substitutes.

The use of reserves will be as follows:

- 4.1 Use of reserves in both the triples and fours a reserve may be registered and used. A substitute may only be used if a reserve is already playing or was not registered.

In pairs the general rule that will apply is that one of the original players must always be present on the green. If,

during a game, the pair's team should be playing with a reserve or a substitute and the original player cannot continue for reasons acceptable to the Controlling Body, the game will be conceded to the opposition. In any mixed competition two reserves, one of each gender will be allowed and the same conditions as described above will apply.

4.2

Use of substitutes will be as follows:

4.2.1

In the event that there are no reserves or the registered reserves are already playing, the names of not more than four bowlers, who have not played for any team participating in the Tournament, shall be recorded and placed in a hat/container.

4.2.2

The Coach, or failing him the Captain of the opposing team concerned, shall be allowed to draw out one name from the hat/container and the Controlling Body should accept this name. This player will be allowed to play for the team for as many matches as he/she may be required but may not skip. In any instance of absence a reserve, if

registered, should be used before a substitute is considered.

Absentee players in a team or side in fours play. Due to the acceptance of the above changes, the use of a reserve or substitute will NOT be construed as the introduction of an ineligible player as described in laws 39.2.1 and 39.2.2

- Law 40.1.8 A scoreboard may be used in lieu of one of the scorecards. In the event of any discrepancy between the scoreboard and the score card the two skips will agree to the correct score. If there is no consensus, the scoreboard will overrule the score card. It is the responsibility of the team winning the toss to ensure that the scoreboard is updated after the completion of each end.
- Law 40.1.9 The skips can transfer their duties described in law 40.1.7 to other members of the team. However, they must make sure that the duties are transferred to players whose positions, in order of play, are the same in each team.
- Law 41.8 Players with disabilities may make use of

an artificial device for delivering the jack or bowl.

Law 46.4 Synthetic surfaces may be used if approved by Bowls South Africa. The law states that they must be approved by the MNA.

Law 46.5 All greens previously constructed prior to these laws may be approved for use by Bowls South Africa. The law states that they must be approved by the Member National Authority (MNA)

Law 49.1 Rink widths may not deviate from those laid down in the laws. It is recommended that the minimum width be 5 meters whenever practically possible. The Law states the MNA can decide the standard for the minimum width of a rink.

Law 49.5 Boundary pegs are acceptable without the centre line on the peg being defined.

Law 49.9 Boundary threads may NOT be used when a mirror complying with law 54.8 is available (mirror and square both with leveling bubbles or a portable retractable line.)

- Law 52.1.5 Distinguishing marks should be visible on all bowls.
- Law 52.2.3 Re-testing and re-stamping of bowls will not be enforced until further notice. However, alteration to bowls can only be done by a Licensed Tester.
- Law 52.4.4.3 A deposit of R10 000 (in cash) is to be paid when a challenge is lodged against a set of bowls. All costs incurred to have the bowls tested will be for the challenger's account should the bowls pass the test. However, should the challenged bowls fail the test, the owner/player of the challenged set will be responsible for the costs involved of the testing the bowls as well as the costs of re-stamping the bowls (where applicable).
- Law 53.5 All bowls used by players in the SA Masters Tournament, should have World Bowls Stamp not older than 10 years. Any further enforcement of this law will be subject to the availability of testing facilities in South Africa.
